

100Mbps Industrial-Grade PoE Switch with 1 Fiber Optic and 2 Electrical Cables

Overview

The QLR12FP series industrial Ethernet POE switch features 2 10/100Base-TX POE electrical ports and 1 100Base-X optical port, designed for high performance and reliability. This gives you the flexibility to build powerful and secure networks, even in harsh environments: copper and FO ports, as well as redundancy. OmniConverter 10/100/1000 and Multigigabit PoE Switches and PoE Media Converters enable distance extension over fiber optic cabling to network edge devices such as workstations, IP cameras and Wi-Fi access points. The equipment can be widely used in. The Poe port 1-8 supports IEEE802.3af/at standard, max 30W per port, can connect multiple Poe devices, such as POE camera, Poe AP, etc. Its POE input DC voltage is 48-55V, so please use an input voltage above 48V to provide POE, if it is 12V, it. The DP101 is an industrial grade fiber optic media converter featuring advanced 90W PoE /PSE.
