

Belize ladder cable trays are available in a full range of specifications

Overview

Ladder cable tray is available in widths of 6, 9, 12, 18, 24, 30, 36, 42 and 48 inches with rung spacings of 6, 9, 12 or 18 inches. Note that wider rung spacings and wider cable tray widths decrease the overall strength of the cable tray. Our cable trays are designed to efficiently and securely route and support electrical cables, control cables, data cables, and fiber optic cables in various applications. Easy. These specially tailored Galvanized Cable Trays are manufactured using high quality materials that are moulded and put together by advanced machinery, keeping in mind internationally prescribed quality parameters. Specifiers should be aware that some cable tray certification requirements and applications. Whether specifying a major new project, refurbishing existing facilities or doing the engineering, procurement and construction (EPC) for your end user, with T&B Cabletray, ABB offers reliable solutions du g conforming to ASTM A123 & ISO 1461 : m. As the industry leader in cable tray, Eaton offers one of the widest ranges of B-Line series cable management solutions available in the market today.
