

Column-mounted electrical distribution box size guide

Overview

This report provides a comprehensive analysis of electrical distribution board (DB) box sizes, including physical dimensions, electrical capacities, and market trends based on current 2025-2026 standards. The box dimensions shown are inside dimensions. The EZ Box and EZ Trim are provided standard for Pow-R-Line 1X and Pow-R-Line 2X lighting panelboards, as well as Pow-R-Line 3X. This guide explains typical wall-mount and floor-standing dimensions, how to read catalog sizes, and how to choose the right enclosure size for your layout. In practice, “standard sizes” usually means the common size families. Clear detailed description of each size and easy to select with the ordering codes. Box with four studs and adjustable nuts for easy fit / easy remove of pan assembly. Easy fit of incomer devices, aluminum profile with plastic clip for self aligning feature of outgoing MCBs. Larger enclosures may be needed for outdoor use, better protection, or cooling components like fans or vents.
