FC Fiber Reinforcement Tray

Overview

FCT FRP Cable Trays are designed specifically for electrical and instrumentation installations, utilizing corrosion-resistant fiber reinforced plastic. These trays are engineered to. Enduro cable tray (sometimes called cable ladder) sets the industry standard for high-quality fiberglass cable tray. Made from the highest quality pultruded materials, our Fiber Reinforced Polymer (FRP) cable tray is extremely durable and resistant to chemical attack, with a proven record of. Fibre casting, also known as moulded pulp, is a sustainable material produced using a wet pressing process. This involves sucking an aqueous fibre pulp made from recycled paper or cellulose into a mould and then drying it. The result is robust, recyclable and biodegradable moulded fibre parts that. At IndiGrate Composites, we design and manufacture FRP Cable Trays that combine strength, durability, and corrosion resistance to deliver unmatched performance in the harshest environments.
