

Fiber Optic Cable Protective Steel Sleeve

Overview

The crimp splice protection element (CSS) is a V-shaped metal sleeve designed to protect fiber optic fusion splices within fiber optic splice cassettes and enclosures. This products is made up of cross linked polyolefin heat-shrinkable tubes, hote melt tubes and Stainless. 600pcs Fiber Splice Sleeves□2. 6mm diam, 60mm Length□ Fusion Fiber Optic Cable Heat Shrinks Tubing 304 Stainless Steel PE Clear Bare Optical Fiber Fusion Pipe hot melt Protection Tubes Amazon's Choice highlights highly rated, well-priced products available to ship immediately. The FP-03 series is the industry standard for durable and lasting protection of single fiber splices in field installations, while the. The fusion splice protection sleeves are designed to meet or exceed Telcordia GR-1380-Core. The strength member within the sleeve is made of. As specialists, designers, manufacturers and global distributors of Fiber Optic Fusion Splice Protector Sleeves our business philosophy is simple. We provide the highest quality certified product, with proven long-term reliability, cost-effective pricing and excellence in customer service.
