

# Liberty Dedicated Data Optical Cable

## Overview

This patch cable utilizes laser-optimized multimode fiber technology, supporting data rates of up to 10 Gbps. Ashton Bentley, standardized meeting rooms fit your space, decor, and need that are simple to buy, install, and use. Who is Liberty AV Solutions?

Liberty AV Solutions was originally known for its diverse selection of wire and cable products, uniquely designed with labor-saving install features. Our cable runway provides robust support for large-scale cable systems in rows of racks or cabinets, ensuring clear pathways for high-density data cabling and allowing for easy maintenance and system upgrades. Our wire mesh cable trays optimize airflow and quick installation of cables in data halls. The Liberty AV Solutions Fibertron DMM10LCLC-002M is designed for seamless data transfer with a focus on performance. The cable is constructed with a plenum-rated design, making it suitable. The COMET-UPAA-\*\*M extends USB 2. Utilizing active circuitry in the permanent USB connectors, USB signals can be transmitted on fixed length cables ranging from 8 meters up to 40 meters. 0 power up to. Digitalinx Plenum Rated USB 3. Please consult the product specification sheet. 1 A-AF Active Optical. From end-to-end, Liberty is your full-line fiber optic provider. Our team of experienced sales professionals and highly trained fiber technicians will help you design and integrate turnkey systems that deliver industry-leading performance and ease of installation.
