

# Ma distribution box

## Overview

The DISBOX-MA series from BOXEXPERT is available in a total of 8 sizes, from 8 to 54 modules. With its IP40 protection class, the distribution box is perfectly suitable for all indoor applications. The case was designed in such a way that the optional grey or transparent door fits perfectly into. Our flexible distribution boxes enable reliable, decentralised signal transmission and power transmission up to protection class IP67 – wherever passive distribution boxes are required. From power and signal distribution to I&C applications and complete room. The fuse boxes of the DISBOX-MA series have a protection rating of IP40 and are therefore ideally suited for use in any type of indoor environment. The surface-mounted fuse box is made of high-quality acrylonitrile butadiene styrene (ABS) and thus complies with the specifications for halogen-free. From the refined management of home distribution boxes to the multi-circuit power distribution needs of office buildings and industrial workshops, it offers flexible adaptability and reliable safety, providing an organized and secure solution for every power distribution scenario. Designed to be installed on a flat surface.
