

# Six-port dual-fiber single-mode fiber optic terminal box

## Overview

The HTB8009 6 Ports FTTH Termination Box is a compact, multi-functional distribution enclosure specially designed for final fiber termination at the user end in fiber-to-the-home (FTTH) applications. This UV resistance housing is designed for wall mount applications to provide protection for fiber optic. 3C-LINK DIN Rail Fiber optic terminal box is available for the distribution and terminal connection for various kinds of optical fiber system, especially suitable for mini-network terminal distribution, in which the optical cables, patch cores or pigtails are connected The DIN rail type termination. CommScope offers a complete line of easy-to-use access terminals, copper and fiber splice closures, patch closures and accessories to speed deployment. It features easy installation and maintenance while saving valuable space. This terminal box accepts one modular panel, making it ideal for. Telhua's Indoor 6-Port Fiber Terminal Box offers high-density, reliable fiber management for data centers & enterprise networks. Compliant with IEC, TIA/EIA & RoHS standards.
