

Switch 2 Optical Four Electrical

Overview

BL167GM-SFP is a managed industrial Ethernet switch with 2 Gigabit SFP and 4 Gigabit RJ45 ports, compliant with FCC, CE, and RoHS. It supports key Layer 2 protocols for stable communication, features fanless low-power design, wide -40°C to +75°C temperature range, and strong. FW104GS-2F is an industrial full gigabit management Ethernet switch, which supports APOLLO visual cloud management, operation and maintenance. The equipment can be managed, operated and maintained through mobile terminal, PC terminal and local terminal. Ideal. [Up to 120km]: Fiber transceiver provides multiple Gigabit SFP optical ports and 10/100/1000M adaptive RJ45 network ports, users can choose different SFP optical modules according to the needs of the site, hot swap FX ports to extend the fiber distance up to 120km. [Plug and Play]: Plug and play. UT-6406GM series is a high-performance, cost-effective full-gigabit managed industrial Ethernet switch. Support 2 gigabit optical ports and 4 gigabit electrical ports; Support Ethernet layer 2 protocol required by industrial field to ensure the stability. BL167GM-SFP is a network managed industrial. Product Name: 100M 2 Optical 4 Electric Industrial Ethernet Switch Product model: ZX24F series Product description: 4 road 100M electrical ports + 2 road 100M optical ports industrial Ethernet switch Port description: 4 RJ45 ports + 2 optical fiber interfaces Optical fiber port: 100BaseFX port.
