

# Uganda Polarization-Maintaining Fiber Optic Cable 6 Cores

## Overview

These polarization-maintaining fiber optic patch cables are terminated on both ends with narrow key, ceramic-ferrule FC/APC connectors. This framework seeks to improve the current regulations governing the installation, maintenance, protection, and disposal of OFC network infrastructure in Uganda by setting minimum standards for deploying OFC infrastructure across the country. Available from stock, these cables feature a high-quality polish, which leads to a typical return loss of 60 dB. Assembled in our facility, each cable is. Fiber optic solutions (drawers, panels, connectors. ) Fiber optic solutions (drawers, panels, connectors. ) Fiber optic solutions (drawers, panels, connectors. ) | Fiber optic cables | !At Bericot Africa, we provide end-to-end fiber optic solutions designed to meet the demands of today while being fully scalable for tomorrow. Wavelengths covering altogether 360nm to 1800 nm - each fiber with an operational wavelength range of about 100-300 nm.
